

18 December 2013

To: Richard Lincer, Chairman
Cooper Union Board of Trustees

From: Faculty of Humanities and Social Sciences

Subject: Working Group Report

The Faculty of Humanities and Social Sciences supports full-scholarship education at the Cooper Union and endorses the spirit of the Working Group Report and the intent to preserve the full-scholarship model and the mission of the College. While we do not endorse all elements of the Report, we firmly believe it should give the Board reason to re-consider its earlier decision to reduce the scholarship for each student by half.
